

Mr. BUSINESS MAN

Roll Out Your Old Ford Next

TUESDAY MORNING

and join the procession of good scouts who are going to beat up the bushes in search of more business. It will be to your advantage as much as anyone's to tell the people of the Southwest what a good town LIBERAL is, and a movement of this kind demands united action on the part of every man who expects to benefit by it. Don't be bashful about extolling the virtues of our splendid little city, but be on hand to invite them to come and look us over for themselves.

LIBERAL

is already the BEST town between Hutchinson and El Paso, but we must make it BIGGER and BETTER. Going out and Soliciting trade in the surrounding territory is the best plan that can be adopted.

DON'T FAIL TO BE ON HAND
